We Educate, Inspire and Empower...

Objectives

- The use of ICT can help teachers by storing and recording information about how students are developing understanding of new material; and by taking over some of the role of assessing and providing feedback to students so that teachers can focus on other aspects of supporting learning.
- ICT tools can facilitate the process of assessing student learning as well as delivering timely and meaningful feedback to the students on their learning.

Online feedback of Information & Communications Technology (ICT) on 7th May 2022

- Total 30 teachers has been submitted feedback report on ICT facilities at college campus.
- Teachers had suggested providing smart board facilities and increase WiFi speed.
